***DOOR PRIZE WINNERS:*** Three \$20 awards were given. Club Treasury: \$62

***PROGRAM:*** Mike KØBUD presented "So You Want To Move A Rig". Mike did an excellent job of sharing his experience personally and helping many other members buy and sell rigs over the years. His advice for selling is clean it up, have Gary Grivna KØGX give it a full alignment / repair if a high end rig, double box the original in a new box packed by the shipper, and write a factual ad and don't be afraid to brag in your listing (First class condition, fresh out of the box, super clean, etc.). His advice for buying is similar and expect to pay close to market for good, clean rigs. He feels qth.com is the best website for buying and selling, followed by qrz.com and eham.net. One key fact he shared is newer rigs that are beyond 10 years old will be difficult to repair due to parts availability. (A plug for Ten Tec - they still have parts for most every radio they've made over the last 30 years - Gary)

***MEETING ADJOURNED:*** 7:42pm
